CC Docket No. 96-45

CC Docket No. 97-214

**ORDER**

**Adopted: January 8, 2003**

**Released: January 9, 2003**

By the Telecommunications Access Policy Division, Wireline Competition Bureau:

1. The Telecommunications Access Policy Division has under consideration a Request for Review filed by The Bridge Academy, Bridgeport, Connecticut, (Bridge Academy).<sup>1</sup> Petitioner requests review of a decision issued by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (Administrator).<sup>2</sup> For the reasons set forth below, we deny the Request for Review.

2. In its decision, SLD denied Bridge Academy's application for universal service discounts in Funding Year 2001 because Bridge Academy failed to postmark its FCC Form 470 signature certification before the close of the filing window pursuant to program rules.<sup>3</sup> Petitioner argues that SLD should be reversed because Bridge Academy submitted the required

certification within the timeframe required by program rules.<sup>4</sup> The record does not support this conclusion.<sup>5</sup> Instead, consistent with our precedent in the *Weathersfield Order*, we conclude that SLD's decision is supported by precedent and the underlying record.<sup>6</sup>

3. Further, to the extent that Bridge Academy seeks to have its late filed FCC Form 470 signature certification which was submitted with its SLD appeal deemed timely filed, we deny this request.<sup>7</sup> Such a decision would require a waiver of program rules. A waiver from the Commission is appropriate if special circumstances warrant a deviation from the general rule, and such deviation would better serve the public interest than strict adherence to the general rule.<sup>8</sup> Petitioner has not submitted adequate proof that the facts relating to its application present special circumstances warranting a waiver of program rules.<sup>9</sup> Therefore, we affirm SLD and deny the Request for Review
